

# HEART DISEASE PREDICTOR

## INDEX PAGE:

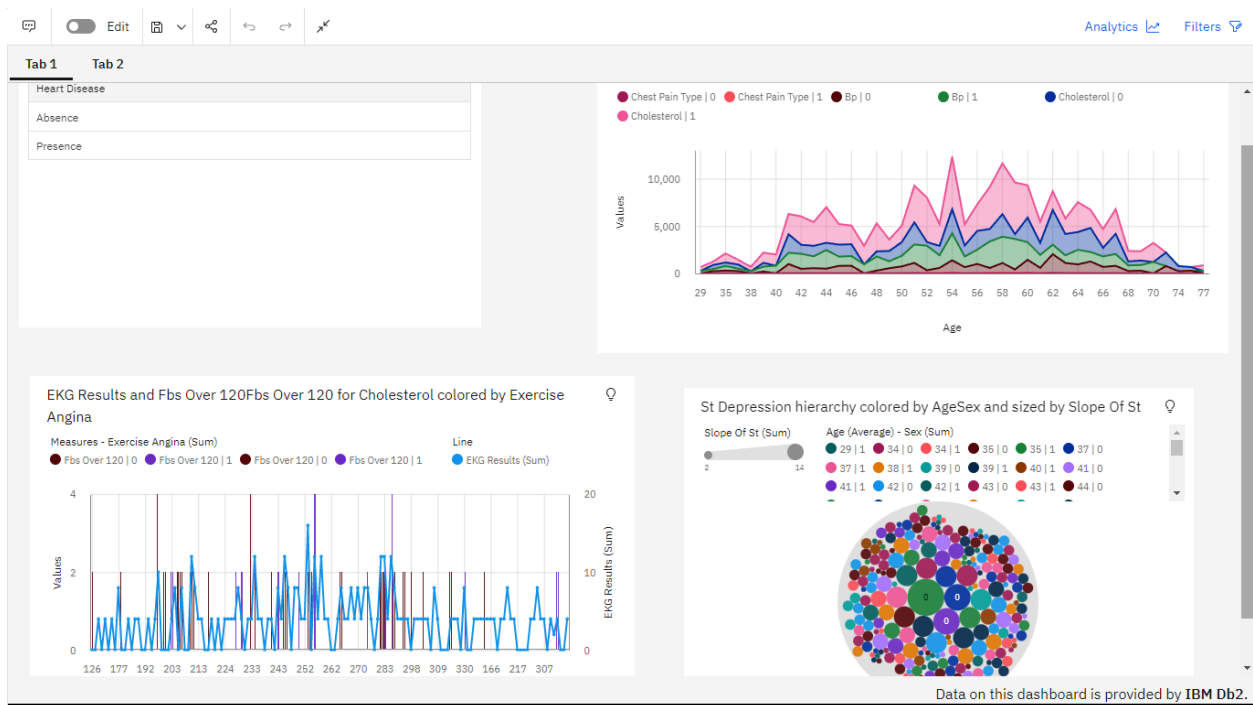

## LOGIN PAGE:

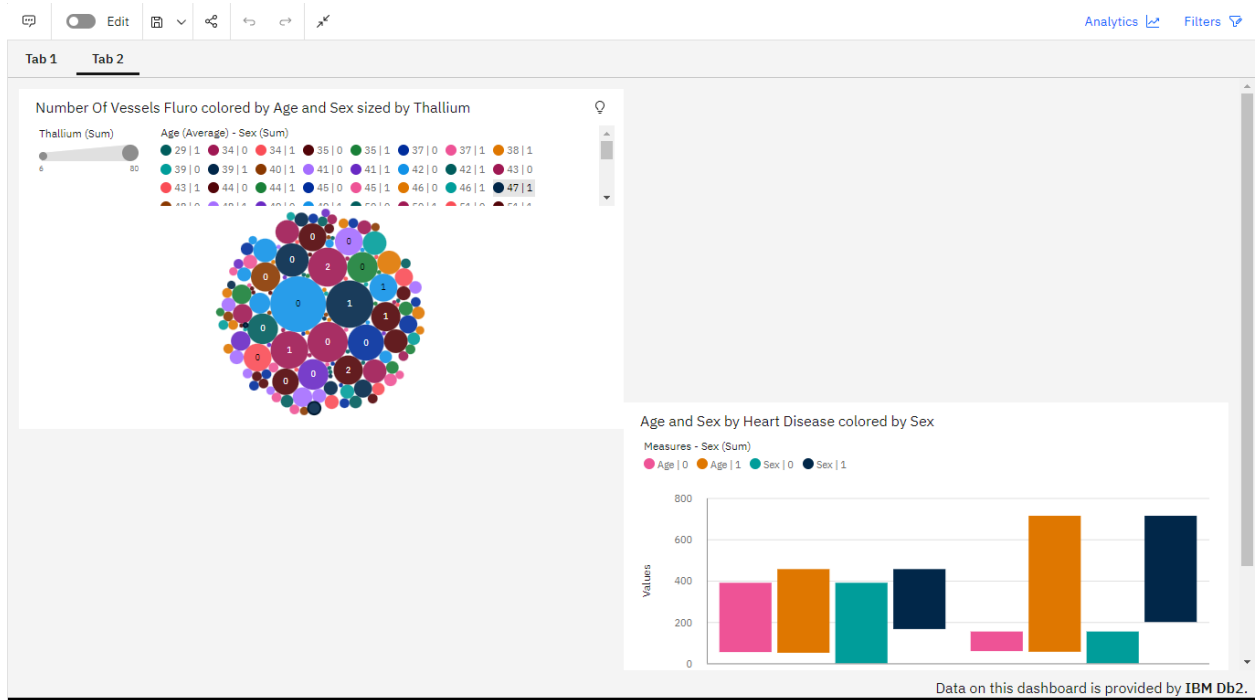

## PREDICTION PAGE:

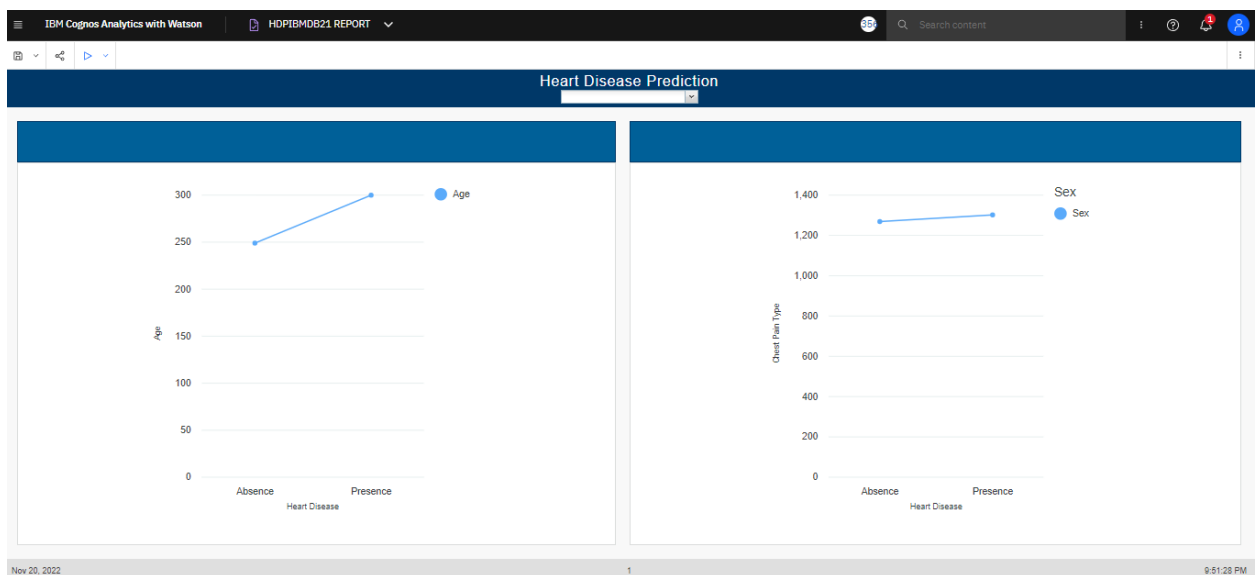

The screenshot shows a web browser window with the address bar displaying 'File | E:\Heart-Disease-Predictor\html\predict.html'. The browser's address bar also shows icons for Gmail, YouTube, and WhatsApp. The main content area displays a purple-themed prediction form titled 'PREDICTION'. The form contains several input fields for user data: Age, Weight (Pounds/Kg), Blood Pressure, Cholesterol, Fasting Blood Sugar, Bp (Blood), Fbs (Blood), Average cholesterol (mg/dl), ST Depression, Average ST, Number of Episodes (colored by Frequency), and Frequency. There are also radio buttons for Gender (Male, Female, Not Sure) and a 'PREDICT' button at the bottom.
